SURYODAY SMALL FINANCE BANK LIMITED

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS OF SURYODAY SMALL FINANCE BANK LIMITED

Report on the Audit of the Financial Results

Opinion

We have audited the accompanying Financial Results of Suryoday Small Finance Bank Limited ("the Bank") for the quarter and year ended March 31, 2021 (the "Statement") attached herewith, being submitted by the Bank pursuant to the requirements of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- i. is presented in accordance with the requirements of the Listing Regulations; and
- ii. gives a true and fair view, in conformity with the recognition and measurement principles laid down as per Section 133 of the Companies Act, 2013 ("the Act") read with Companies (Accounts) Rules, 2014, as amended to the extent applicable, the relevant provisions of the Banking Regulation Act, 1949, the circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time (the "RBI Guidelines") and other accounting principles generally accepted in India of the net loss for the quarter and net profit for the year ended March 31, 2021 and other financial information of the Bank.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Results section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Statement, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 8 to the financial results, which describes the extent to which the COVID-19 pandemic will continue to impact the Bank's financial results will depend on ongoing and future developments, which are uncertain.

Our opinion is not modified in respect of this matter.

Board of Directors' Responsibility for the Statement

This Statement has been compiled from the annual audited financial statements. The Bank's Board of Directors are responsible for the preparation of the Statement that gives a true and fair view of the net profit and other financial information of the Bank in accordance with the Accounting Standards specified under section 133 of the Act, the RBI Guidelines and other accounting principles generally accepted in India and in compliance with the Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act and the RBI Guidelines for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the Statement by the Board of Directors of the Bank, as aforesaid.

In preparing the Statement, the Board of Directors are responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Bank are also responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Statement

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Bank has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The Statement include the results for the quarter ended March 31, 2021 and March 31, 2020 being the balancing figure between the audited figures in respect of the full financial year and the audited year to date figures up to the third quarter of the current and previous financial year respectively.

Our opinion on the Statement is not modified in respect of the above matter.

- 3 The above financial results have been reviewed by the Audit Committee of the Board at its meeting held on May 27, 2021 and approved by the Board of Directors at its meeting held on May 27, 2021. The financial results for the quarter and year ended March 31, 2021 have been subjected to an audit by the statutory auditors of the Bank. The report thereon is unmodified.
- 4 During the year ended March 31, 2021, the Bank successfully completed Initial public offer (IPO) and got listed on March 26, 2021 on National Stock Exchange (NSE) and BSE Ltd. During the quarter and year ended March 31, 2021, the Bank allotted 1,69,45,887 and 1,95,36,695 equity shares respectively pursuant to the exercise of options under the approved employee stock option schemes, private placement basis and Initial Public Offer.
- 5 The figures of the last quarter in each of the financial years are the balancing figures between audited figures in respect of the full financial year and the year to date figures upto the end of the third quarter of the respective financial years.
- 6 The Reserve Bank of India (RBI) vide its notification reference RBI/2021-22/23 DOR.ACC.REC.7/21.02.067/2021-22 dated April 21, 2021, stated that in view of the continuing uncertainty caused by the ongoing second wave of COVID-19 in the country, it is crucial that banks remain resilient and proactively raise and conserve capital as a bulwark against unexpected losses. Given that the current "second wave" has significantly increased the number of COVID-19 cases in India and uncertainty remains, the Board of Directors of the Bank, at its meeting held on May 27, 2021, has considered it prudent to currently not propose dividend for the financial year ended March 31, 2021.
- 7 The Bank has consistently applied its significant accounting policies in the preparation of its quarterly financial results and its annual financial statements during the years ended March 31, 2021 and March 31, 2020.
- 8 Consequent to the outbreak of the COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases.
- The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The slowdown during the year led to a decrease in loan originations, the sale of third party products, and the efficiency in collection efforts. This may lead to a rise in the number of customer defaults and consequently an increase in provisions there against. The extent to which the COVID-19 pandemic, including the current "second wave" that has significantly increased the number of cases in India, will continue to impact the Banks results will depend on ongoing as well as future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government-mandated or elected by us.
- In the quarter ended March 31, 2021, on a prudent basis the Bank made one-time floating provision of 1.5% (over and above existing 2%) on its micro finance portfolio classified as standard, amounting to ₹ 37.51 Crore. As at March 31, 2021, the Bank carries unutilised floating provision of ₹ 91.28 Crore.
- 9 The Honourable Supreme Court of India (Hon'ble SC), in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr), vide an interim order dated September 03, 2020 ("Interim Order"), had directed banks that accounts which were not declared NPA till August 31, 2020 shall not be declared as NPA till further order. Accordingly, the Bank did not classify any account which was not NPA as of August 31, 2020 as per the RBI Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances (IRAC) norms, as NPA after August 31, 2020.
- If the Bank had classified borrower accounts as NPA after August 31, 2020, the Bank's proforma Gross NPA ratio and proforma Net NPA ratio at December 31, 2020 would have been 9.28% and 5.38% respectively. Pending disposal of the case, the Bank, as a matter of prudence, had made in respect of these accounts a contingent provision, which was included in 'Provisions (other than tax) and Contingencies'. As at December 31, 2020, the Bank carried cumulative contingency provision of INR 140.71 crores including contingency provision created in the quarter ended March 31, 2020 of ₹ 65.99 Crore against the proforma NPA accounts.
- The interim order directed not to declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matter in accordance with the instructions in paragraph 5 of the RBI circular dated April 07, 2021 issued in this connection, the asset classification of borrowers accounts were as per extant RBI instructions/IRAC norms. In the quarter ended March 31, 2021, the Bank has fully utilised the above contingency provision.

Mr. Baskar Babu, MD & CEO, Suryoday Small Finance Bank, Post the end of the first wave of pandemic, business activity across states started moving towards normalcy, which is reflected in our highest ever quarterly disbursement of Rs 1,058 Cr in Q4 FY21. The Bank has consistently

seen an increase in its collection efficiency on month-on-month till Mar-21, with overall Collection efficiency of 121% in the month of Mar-21.

However, with advent of the second wave of the covid, towards the fag end of the quarter and imposition of the lockdowns across multiple states, the business activity again came to halt in a very short span of time. With the pause on business activity across states, we expect the collection efficiency to remain volatile in the near term.

However, the number of fresh covid cases, in the country are towards a decline now. Additionally, the situation in our key operating states i.e. Maharashtra, Tamil Nadu and Odisha has seen a consistent improvement with lower fresh cases. At these testing times, the Bank's focus continues to remain to safeguard its customers and employees. The Bank also offered regulatory support to the select group of customers via the ECLGS scheme and selected restructuring in its portfolio.

Considering that the impact of COVID-19 is not yet completely understood, we believe that business should return to normalcy as soon as COVID cases start declining to a manageable number and the inoculation drive by the GOI is reasonably executed.

The Bank, with its strong balance sheet, one of the highest capital adequacy with higher liquidity is in a strong footing to sail through these testing times.

Business Performance

1. Business Performance

- Business was impacted during H1FY21. After August 2020 i.e. completion of moratorium, disbursements started picking up. The Bank disbursed Rs. 2,217 crore during FY 21 compared to Rs. 3,090 crore during FY 20 and recorded the **highest quarterly disbursement of Rs. 1,058 crore in Q4 FY21** compared to Rs 777 crore in Q4 FY20.
- **Collection Efficiency on 1 EMI basis as at the end of 31 March 2021 was 87% and has consistently improved over the last two quarters. Overall collection efficiency in March 2021 was 121%.**
- One EMI restricted collection efficiency in the inclusive finance business as on 31 March 2021 was 85% improved from 81% in 31 December 2020. One EMI restricted collection efficiency in the CV, HL and SBL businesses as on 31 March 2021 was 93%, 96% and 89% respectively as compared to 89%, 94% and 88% respectively in 31 December 2020.
- Collection efficiency is likely to be volatile in Q1 FY22 due to the intermittent lockdowns.

Asset Quality

- **GNPA of 9.4% as at 31 March 2021 compared to proforma GNPA of 9.3% as at 31 December 2020 and 2.8% as at 31 March 2020; Net NPA at 4.7% as at 31 March 2021 reduced from proforma Net NPA of 5.4% as at 31 December 2020 and 0.6% as at 31 March 2020.**
- **PAR 90+ portfolio as on 31 March 2021 reduced to 6.4% including NPA restructured book from 9.1% as on 31 December 2020.**
- **GNPA and NNPA excluding ECLGS loans is lower at 8.9% and 4.2% respectively as at 31 March 2021** compared to proforma GNPA and NNPA of 9.3% and 5.4% as at 31 December 2020. The Bank carried out one-time restructuring of customers comprising of 3.3% of advances as at 31 March 2021 of which 2.7% is standard advances and 0.6% is NPA.
- **Additional floating provision of 1.5% made on Micro Finance portfolio classified as standard over and above existing floating provision of 2.0%. Total unutilized floating provision is Rs. 91.3 Crore as at 31 March 2021.**
- Total provisions made in FY21 aggregate to Rs. 169.2 crore including MTM provision on investment portfolio of Rs. 19.0 Crore. **Provision coverage ratio at 63.7% on 31 March 2021.** In the quarter ended 31 March 2021, the Bank has fully utilized COVID provision of Rs. 140.7 crore including COVID provision of Rs. 66.0 Crore created during the year ended 31 March 2020 primarily against NPA provision made during the year.
- For the period ended 31 December 2021, the Bank made provision for interest reversal on 'pro-forma' NPA as against reversal from interest income for the year ended 31 March 2021 hence impact on P&L is incremental to the extent of interest reversal for Q4 FY21.

- Due to one time impact on interest reversal, interest income, total income and NIM for Q4 FY 21 may not be comparable to other periods.
- Net interest income fell 16% Y-o-Y for the FY 21 to Rs 410.5 crore compared to FY20. The fall in the NII for the year was primarily on account of interest reversal on NPA, impact of negative carry on significant excess liquidity maintained during the year and lower disbursement due to uncertainty relating to COVID-19 in FY21. Fall in the NII in Q4 FY21 was mainly due to interest reversal for entire year on accounts classified as NPA during FY21 effected in the last quarter of the financial year post Supreme Court Judgement on 23 March 2021.
- Net total income fell by 12% Y-o-Y for the FY 21 to Rs 510.0 crore compared to FY20 for reasons as stated above.
- PAT fell 89% Y-o-Y for the FY 21 to Rs 11.9 crore compared to FY20. **The lower profitability is due to additional provisioning on increased NPA, additional floating provision of 1.5% amounting to Rs. 37.5 Crore on Inclusive Finance portfolio due to uncertainty relating to second wave of COVID-19 and lower disbursement during FY21.**
- Cost to income for FY21 was 64.4% as compared to 47.1% for FY20 on account of interest reversal on increased NPA and negative carry-on account of significant excess liquidity maintained during the year.

2. Advances

- **GLP grew 13% YoY to Rs 4,206 crore** in the FY 21/ Q4 FY21 compared to FY 20/ Q4 FY20.
- Disbursements during FY 21 fell 28% Y-o-Y to Rs. 2,217 crore, predominantly due to uncertainty relating to COVID-19. **Disbursements grew 36% Y-o-Y Rs. 1,058 crore during the Q4 FY21, compared to Q4 FY20. The Bank has disbursed ECLGS loans of Rs. 95.2 crore during the FY 21.**

Notes:

- ❖ We have been able to activate a product which has potential to meet the customer demand when needed in this segment which has been considered as a latent gap in customer need vs term loan offering.
- ❖ The customers have the potential to use the product as needed and the difference in the limit setup and drawn balances shows judicious use as needed by the customer base.
- ❖ Apart from this, we have been able to identify through our analytics nearly 1 lakh customers who have shown resilience by making a continued payment on their EMIs without taking any financial assistance post moratorium.
- ❖ By further profiling these customers we intend to cross-sell products customized to their requirements.

**Industry disbursement ticket size spread
between Oct 2020 - March 2021**

**Suryoday disbursement ticket size spread
between Oct 2020 - March 2021**

Notes:

- ❖ In the market we have seen gearing towards higher ticket size disbursements with 23% of disbursements being done in 50k+ bucket whereas the same is nil for us.
- ❖ On prudent basis we have continued to fund lower buckets. This has worked in the normal disbursement ticket size range along-with top up loans and ECLGS to the customer in order to assist the customers and the same time ensuring they are not getting over leveraged.
- ❖ ATS for Suryoday is 35k (Oct 20 – March 21) but including ECLGS disbursements ATS was 30K whereas for the industry same stands at 37k for the same period.
